SKILLS

- **Programming Languages**: Python, JavaScript
- **Web Technologies**: HTML/HTML5, CSS2/CSS3, JavaScript
- **Libraries/Frameworks**: Bootstrap, Tailwind CSS, WordPress, jQuery,Node.JS, Express.JS, ReactJS, Redux Toolkit, NextJS*
- **API Development and Integration**: AJAX, REST API
- **Databases**: MongoDB, MySQL
- **Version Control**: Git, GitHub
- **Web Development Tools**: VS Code, Chrome DevTools, Postman, Firebase, Appwrite, Plesk

PROJECTS

- **Driving Licesence Management System**:
  - Simplified the driving license application process using Aadhar details, employing **HTML, CSS,** and **JavaScript** for an accessible web solution.
  - Implemented a user-friendly process for obtaining learner's and driving licenses, integrating **Node.js, MongoDB, Ajax, jQuery**, and **Cookies**, along with email notifications and password recovery features.
  - Aim to enhance adaptability with React, aiming for a more responsive website. Planned additions include SMS alerts, refined error messages, striving for continual system enhancement.

- **Video Library**:
  - Designed and executed a responsive video library web app using **HTML, CSS** and **JavaScript**, integrating **Tailwind CSS** for optimal user experience.
  - Utilized **Node.js, Express.js** for server-side development, and **MongoDB** for efficient data storage and retrieval.
  - Implemented user authentication, allowing controlled access through login and registration pages. Restricted user capabilities for viewing videos, while granting administrators editing and library management privileges.

EXPERIENCE

Freelance Web Developer — Remote
Ecoland Properties — *Jan 2024 - Present*

- Continuously manage and update Ecoland Properties' **WordPress** built website through **Plesk Tool**, ensuring its relevance and functionality remain top-notch.
